AVAILABLE FOR IMMEDIATE PRODUCTION AND/OR RETROFIT

## REAR LED COMPOSITE LAMP

| TL Part # | NSN #            | Description         |
|-----------|------------------|---------------------|
| 07240     | 6220-01-482-9850 | Thin Lamp           |
| 07411     | 6220-01-482-6105 | Thin Lamp w/ Bucket |

## FRONT LED COMPOSITE LAMP

| TL Part # | NSN #            | Description         |
|-----------|------------------|---------------------|
| 07241     | 6220-01-516-1292 | Thin Lamp           |
| 07412     | 6220-01-482-6107 | Thin Lamp w/ Bucket |

## LED MODEL 30 MARKER/CLEARANCE LAMP & BRACKET

| TL Part # | NSN #            | Description             |
|-----------|------------------|-------------------------|
| 30255R    | 6220-01-482-5444 | Red, Lamp only          |
| 30255Y    | 6220-01-482-5320 | Yellow, Lamp only       |
| 07406     | 6220-01-482-6113 | Red, Lamp w. Bracket    |
| 07407     | 6220-01-482-5574 | Yellow, Lamp w. Bracket |

## LED MODEL 35 MARKER/CLEARANCE LAMP

| TL Part # | NSN #            | Description       |
|-----------|------------------|-------------------|
| 35004R    | 6220-01-516-4923 | Red, Lamp Kit     |
| 35004Y    | 6220-01-516-4924 | Yellow, Lamp Kit  |
| 35890R    | 6220-01-516-4925 | Red, Lamp only    |
| 35890Y    | 6220-01-516-4926 | Yellow, Lamp only |

## LED BLACKOUT DRIVE LAMP

| TL Part # | NSN #            | Description     |
|-----------|------------------|-----------------|
| 07320     | 6220-01-496-1925 | Lamp w/ Bracket |

## LED MODEL 18 MARKER/CLEARANCE LAMP

| TL Part # | NSN #            | Description             |
|-----------|------------------|-------------------------|
| 18085R    | 6220-01-516-0454 | Red, Lamp w/ Bracket    |
| 18085Y    | 6220-01-494-0572 | Yellow, Lamp w/ Bracket |

### FEATURES & BENEFITS

- Univolt Technology - Both 12 or 24 volt systems will run without any adjustments
- Form/Fit/Function replacements for current product, but with superiority only Truck-Lite LEDs can offer
- 100,000 hour operation life of a Truck-Lite LED far surpasses the 2,000 hours provided by 1156 and 1157 bulbs

- Designed to comply with FMVSS 108 requirements
- Lens and housing assemblies are polycarbonate with all electronics fully sealed in epoxy, making lamps less susceptible to shock & vibration
- Faster start-up times and low current draw
